A STATEMENT of the Commissioner of Education, discussing matters pertaining to his office for the fiscal year 1905, shows that the number of pupils enrolled in the common schools during that period was 16,256,038, or 20% of the entire population as estimated by the Census Bureau.

It is a bit disgusting to see Kentucky newspapers denouncing the methods through which ABEL HUMMEL, New York's 'notorious criminal lawyer, broke into the Penitentiary, while they approved the same damnable tactics when practiced by TOM CAMPBELL in the Goebel trials in this state.

THE new form of Uncle Sam's Postoffice Money Order is a mighty poor attempt to improve on the old one. The object aimed at—to prevent "ruining"—is only partially attained, while the blanks to be filled will probably require an increased clerical force in the Postoffices. Some "improvements" do not improve.

REPRESENTATIVE LONGWORTH of Ohio has introduced a bill providing for the purchase at a cost of not over \$5,000,000 of buildings for the United States Missions at all foreign capitals where this Government maintains Ambassadors or Ministers. This is a step in the right direction, for it will open such positions to men of moderate means, many of the Ambassadors now paying for house rent alone much more than the salaries received from the Government.

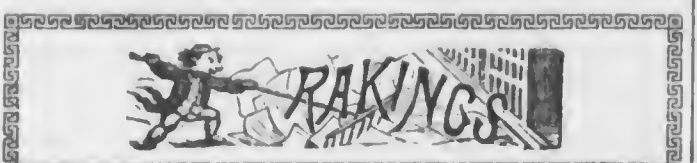

HEREAFTER it will cost \$5,000 to join Cincinnati's "respectable" Gambler's Club—the Stock Exchange.

NEW YORK is to have a new water-works system, to cost \$161,000,000, and to be eight years in building. The only conundrum is which end will the "grafters" take, the \$100,000,000 or the \$61,000,000?

WONDER how long it will be until the Louisville morning papers find their way to the new Government Building on the same day they are printed? When the Postoffice was in the city, they came regularly.

HON. WILLIAM B. HALDEMAN of The Louisville Times has relinquished the editorial chair and opened political headquarters at The Old Inn, which will be maintained until the Democratic caucus nominates a candidate for United States Senator. Meantime Mr. R. J. McBRIDE will edit The Times, while Colonel R. W. BROWN will sit on the safety-valve.

A DISPATCH from Lexington says D. F. FRAZEE, President of the Phoenix Hotel Company, sold 30,000 pounds of tobacco to the American Tobacco Company at 12½ cents per pound. The tobacco was raised on twenty-five acres of Mr. FRAZEE's farm. And here they've been saying all along that, if the Burley Growers' Association failed, the dagdasted Trust wasn't going to pay more'n 5 cents a pound for tobacco nobow.

## A FAMILY SAFEGUARD

Dr. Green arranges with the Niece of Dr. Boschee to handle her famous Uncle's Great Throat and Lung Cure.

THE best family safeguard is a reliable household medicine that will cure coughs, colds, chilly sensations, running eyes and nose, sore throat and bronchial affections—that will keep the children proof against all contagious diseases. Such a medicine is Boschee's German Syrup, which has a record of 35 years in the cure of consumption, catarrh and all lung and bronchial troubles. The fame of German Syrup as a consumptive cure, since its purchase by Dr. Green from the niece of the famous Dr. Boschee, has extended to all parts of the earth. It has big sales everywhere. ## River News

Gage 16.5 and rising.  
Squally weather is looked for shortly by rivermen.  
The Henry M. Stanley was the Pomeroy packet last night.  
The Otto Marmet passed up yesterday with a tow of empties.  
The Keystone State is billed to pass up tomorrow night for Pittsburgh.  
Captain Bob Taylor will build a new towboat at Higginsport, O., in the spring.  
The J. B. Finley is on her way to Louisville from Cairo with twenty-two empty boats, two barges and two loaded models.  
Another rise permitted the shipment of about 75,000 tons of coal from the Pittsburgh and Kanawha districts the first of the week.  
It will take a forty-foot stage in the river at Cincinnati to float the Lizzie Bay off the bank at Ludlow.

The Henry Lourey, formerly a Mississippi river towboat, but recently purchased by the coal combine, has had the Texas taken off, her wheel set back several feet and now she has the appearance of being an Ohio river boat.

The towboats Raymond Horner and Boaz are on their way North with empties. They exchanged fleets of coalboats with the Sprague at Cairo. The Sprague is taking South the entire tow of the Boaz, Raymond Horner and Coal City.

Several of the towboats which started above with empties were grounded at points along the river in the upper part of the stream. All of these boats will be forced to wait for water before they can be floated. The Coal City especially seems to be in a bad position.

Congressman B. B. Dovenor of the Wheeling District says Ohio river interests will not suffer by the determination not to pass a Rivers and Harbors Bill at this session of Congress, for the appropriations made in the last bill are sufficient to carry on the work next year.

The Government owns and operates twenty Marine Hospitals, in which the average aggregate attendance during the last three fiscal years was fifty-five, and the average cost of maintenance was \$2.68 per day for each patient, exclusive of medicine, medical and surgical supplies.

## NEW TAXATION LAW

### Some Important Changes Proposed, Including License System For Cities

The Senate Revenue and Taxation Committee, appointed before the adjournment of the last General Assembly for the purpose of investigating and recommending changes in the present State Revenue Law, has about completed its work.

The Committee was appointed by Lieutenant-Governor Thorne, and consists of J. W. Cammack of Owenton, Chairman; W. H. Cox of Maysville; George W. Hickman of Calhoun; Phelps of Louisville, and W. W. Booles of Maysville. The Committee will not recommend that an entire new law in the matter of revenue and taxation be enacted, but will recommend that the present law be so amended as to conform more equitably to the present conditions.

The Committee will recommend that an inheritance tax clause be incorporated in the present law, that is that all entitled estates further removed than that of grandchildren, be subject to a specific tax. This is to take the place of an income tax. The inheritance tax law is now in force in a number of states, while the income tax has been declared unconstitutional. The members of the Committee think that an inheritance tax law will be productive of the desired result.

#### BETTER PLAN OF ASSESSMENT.

Among the changes in the present law will be that of more effectively arriving at an equitable assessment. The proposed changes will be intended to rectify many of the present defects in the system of assessment. Another thing the Committee will recommend is a more economical method of collecting taxes. The present system under which the State Auditor's Agents operate in the collection of back taxes, can be materially changed if the recommen-

dations of the Special Committee are carried out. The intention is to make the agents responsible to the Auditor or the officer under whom they work. Under the present law the Auditor's Agents do as they please and are apparently responsible to no one but themselves. The object is to put a stop to several different agents bringing suits against the same persons or corporations for back taxes.

Another change that will be recommended is that of giving cities or communities the privilege of adopting the license system of taxation instead of the ad valorem system. The main text of the proposed amendment to the present revenue law has been drafted by the Special Committee, but the Committee will meet in Frankfort January 1st and put the finishing touches on the measure.

#### EXCELLENT WORK DONE.

The Committee has done excellent work in the last two years in the matter of trying to get the sense of the people of Kentucky as to what they want in the way of a taxation law. Sittings of the Committee were held at Owensboro, Louisville, Owenton, Ashland, Winchester and Lexington. At these sittings persons representing all phases of business conducted in the state were given opportunity to be heard on the matter of equitable taxation and a plan that would be more conducive to the upbuilding of the state and the development of its resources.

After suggestions had been made by persons representing the varied interests in the state the Committee met at Shelbyville December 5th for the purpose of drafting a measure amending the present revenue and taxation law. From time to time since the Committee has met at Shelbyville, considering the matter carefully, and

now the members are ready to give an account of their work to the incoming General Assembly. It is understood that the measure so recommended by the Committee will be introduced in the lower house by Judge James S. Morris of Oldham county.

Charles M. Lewis of Shelbyville was appointed Secretary of the Committee and he has prepared the minutes of all the sittings of the Committee for the benefit of the incoming Legislature.

Christmas was an eventful day in at least one family in this city. Mr. and Mrs. John Walsh had with them their five daughters and four sons, and in honor of the event the entire family was photographed.

#### STRIPPING TOBACCO.

The tobacco is now in "case" and the work of stripping will be actively engaged in for several weeks. Do not forget to save out some of the best for a sample to exhibit at the "Seventh Tobacco Fair" to be held Thursday, February 22d, 1906. Maysville and Mason county and the entire White Hurley District should see to it that this is the largest and best Tobacco Fair ever held.

## CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you I am free from all this this morning. You can see this in behalf of suffering humanity." B. F. Fisher, Knoxville, Ill.

#### TIME IS THE TEST.

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon find out when misrepresentations are made, and merit alone will stand the test of time.

Maysville people appreciate merit, and many months ago local citizens publicly indorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? A cure that lasts is the kind that every sufferer from kidney ills is looking for. W. H. Paul, carpenter by trade, living at 333 East Third street, Maysville, Ky., says:

"I value Doan's Kidney Pills as highly today as I did when I first used them in 1898. I got a box then and used it for pain in my back and other evidences of a disordered condition of the kidneys which had given me much trouble for two years or more. This remedy acted promptly and I was soon cured. I did not notice any of the difficulties until some four years later, or about a year ago. I again procured Doan's Kidney Pills at J. Jas. Wood & Son's Drugstore and all symptoms of the trouble were quickly and thoroughly removed. Since then I have not noticed any signs of trouble of any kind arising from my back or kidneys. I most cheerfully endorse Doan's Kidney Pills, for they are certainly worthy of recommendation."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

**MANON CIRCUIT COURT**

Stanton Mitchell et al., Plaintiffs, vs. Alexander Mitchell et al., Defendants.

Under and by virtue of a judgment of the Manon Circuit Court, rendered December 11th, 1905, in the above styled action, the undersigned, Master Commissioner of said Court, will sell at public auction to the highest and best bidder, at the Court house door in Maysville, Ky., at 11 o'clock a. m., on

**MONDAY, JANUARY 1st, 1906,**

that certain tract of land conveyed April 27th, 1876, to Hiram Rummles and Sarah Rummles by Michael H. Burgess by deed recorded in Deed Book No. 73, page 553, in the Manon County Court Clerk's office, and described as follows, to-wit:

The tract of about forty acres of land, together with the dwelling house and other improvements thereon, where said Burgess then lived, lying on the West side of the Upper Bluelick Road in Manon county, Kentucky, and bounded by the lands of Richard Galtier, Jane Ginn, Laura Lee and George Garrison (or their successors), and the Upper Bluelick Road.

Said sale will be made on a credit of six and twelve months in equal payments, the purchaser being required to execute bonds with good personal security for equal installments of the purchase price, the bonds to bear interest at the rate of 6 per annum from date until paid, and to remain a lien on the property sold; but the interest of the infant defendants in the proceeds of sale shall not be paid by the purchaser until they have become of age or have a statutory guardian in accordance with the terms of the judgment filed in this action. This property is sold for the purpose of a division of the proceeds.

**Cases Against Dr. H. C. Kehoe for Violating Prohibition Law**

THE LEDGER yesterday noted the action of the Law and Order League in trying to break up the violations of the Prohibition Law in Flemingsburg and Fleming county.

Besides being already fined \$100 in one case, numerous other suits were pending against Dr. H. C. Kehoe, who had been found guilty of the illicit sale of whisky.

The Gazette says an effort is now being made to settle all the local option law violations charged against the Doctor on the following terms:

The Commonwealth has made a written proposition asking the defendant to confess judgment in 15 cases and pay a fine of \$900; also to confess in 15 additional cases with a sentence of \$60 fine and 10 days in Jail on each case, but punishment in all of the latter cases to be suspended pending strict observance of the local option law.

The proposition has not been accepted yet, but if it is, the matter will be settled.
